

Residential Time of use Tariff Factsheet

TARIFF
12

13 10 46
(General enquiries)
ergon.com.au

This tariff is also for general residential usage. It may be suitable for customers who use most of their electricity during off-peak times. Electricity is charged at a higher rate during the specified peak period and less during the specified off-peak and shoulder periods. Please check with Ergon Energy to see if it is suitable for your household before changing.

This tariff cannot be used in conjunction with Tariff 11 Residential. It can be accessed by a small business customer providing it is in conjunction with a primary business tariff.

Electricity - Applicable charges		Price (exc GST)	Price (inc GST)
Weekdays	Off-peak (10pm-7am)	17.133 cents per kWh	18.846 cents per kWh
	Shoulder (7am-4pm), (8pm-10pm)	21.432 cents per kWh	23.575 cents per kWh
	Peak (4pm-8pm)	34.923 cents per kWh	38.415 cents per kWh
Weekends	Off-peak (10pm-7am)	17.133 cents per kWh	18.846 cents per kWh
	Shoulder (7am-10pm)	21.432 cents per kWh	23.575 cents per kWh
Daily supply charge (service fee)		78.578 cents per day	86.436 cents per day

What is a daily supply charge (service fee)?

A charge that applies for supplying electricity to your premises for each day of the billing period, regardless of how much electricity you use.

What is a kWh?

kWh stands for kilowatt hour and is the unit of measurement for your electricity bill.

Options

Clean Energy for your home

Clean Energy comes from renewable sources located all over regional Queensland, including the wind farm at Windy Hill near Ravenshoe, hydro stations at Koombooloomba and the Tinaroo Dam, and biomass plants at various sugar mills.

Clean Energy

Subscriptions start from \$12 per bill, which purchases enough Clean Energy to power 10% of the average regional Queensland home¹. With Clean Energy you can choose from the following levels of support.

Price per bill ²	Kilowatt hours per annum	Greenhouse gas emission savings per day (Kg)	Percentage usage of Clean Energy of average regional Queensland home ¹
\$12	800	2	10%
\$30	2,000	5	25%
\$60	4,000	11	50%
\$90	6,000	16	75%
\$120	8,000	22	100%

¹ Based on current average household electricity usage in regional Queensland of 8,000 kWh per annum
² Clean Energy is charged per bill and Clean Energy pricing can be increased over time

Eligibility for this Tariff

The details in this energy Price Fact Sheet apply to you if you are a residential customer in the Ergon Energy network area.

Price Changes

Prices are set by the Queensland Competition Authority which are reviewed and changed each year on 1 July.
